Note.—All the Amildars (excepting the Amildar of Arsikere) and the Deputy Amildar of Alur were present.

I. Read Government Proceedings No. 3571-3—Ml. 182-08-26, dated the 11th October 1909, observing that it is only fair that a portion of the cost of the most useful wells at Arsikere should be met from the funds of the District Board, and requesting therefore to find out some other source in the current year's District Fund budget from which the moiety of Rs. 3,920 can be met and to submit, if necessary, a reappropriation statement for sanction.

Resolution.—Resolved that, after a careful examination of the District Fund budget for 1909-10, the Board find that it is impossible to meet the cost of Rs. 3,920 from any source of the budget and that therefore the Government be moved to kindly sanction the cost from Local Funds General or from Provincial Funds.

II. Read the Government Proceedings No. 3240-9—L. B. 37-09-3, dated the 2nd October 1909, forwarding for information the Revenue Commissioner's letter in the matter of increasing the contribution from the District Funds towards the maintenance charges of the Veterinary Dispensary at Hassan.

Resolution.—Resolved that the extra cost of Rs. 67, being two-thirds of Rs. 100, be met from 'X. Miscellaneous, (4) Cholera and Plague charges" in the current year's District Fund budget.

III. (1) Read letter No. 3964—L. B. 258-08-4, dated the 6th November 1909, from the General and Revenue Secretary, enquiring whether the District Board and the majority of the Estate owners concerned are agreeable to the transfer of the cattle pounds in Coffee Estates to the villages nearest to them and whether any reduction of the enhanced rate of fine is called for.

(2) Read Saklespur Assistant Commissioner's letter No. 315, dated the 9th—11th December 1909, furnishing letters from some of the Estate owners to the effect that they are not in favor of transferring the cattle pounds from their estates to the adjoining villages, etc.

Resolution.—Resolved that this Board are of opinion that the enhanced rate of pound fees in force in the malnad should be maintained.

Further resolved that if any Estate owners wish to retain the existing cattle pounds in their Estates, they should undertake to be responsible for any irregularities which may be committed by their servants, including the failure to feed impounded cattle properly, and that if another cattle pound be established in some neighbouring village, under the charge of the patel, the inconvenience experienced by others, who have cattle to be impounded, will be obviated.

IV. Read the General and Revenue Secretary's docket No. 4085—L. B. 141-09-2, dated 15th November 1909, requesting that the matter of increasing the pay of the watchman of the travellers' bungalow at Gendehalli in Belur Taluk, from Rs. 6 to Rs. 7 may be placed before the District Board, with information as to what pay the watchmen of the other travellers' bungalows in the district are getting and the necessity for the increase.

Resolution.—Resolved that full particulars be reported to Government including the fact that this watchman Babasab was formerly getting Rs. 7 per mensem, when the building was a Public Works Department inspection lodge.

V. Read letter No. 4837—L. B. 50-09-4, dated the 7th December 1909, from the General and Revenue Secretary, requesting the President to state what amount of money the District Board are prepared to spend and within what period for the improvement of the cart road from Banavar to Konanur and whether they will eventually convert the cart road into a District Fund road according to their original resolution dated 11th May 1908, if the levy of tolls is agreed to without the condition above specified.

Resolution.—Resolved that this Board will be willing to spend as much as may be obtained by the levy of toll on the improvement of the cart-track, until such time as it may be completed, and thereafter to fix mileage allotment for its maintenance as a District Fund road out of the toll realisations, so that there may not be any extra cost to the already overtaxed District Funds on account of mileage allotments on District Fund roads.

VI. Read the General and Revenue Secretary's docket No. 3710—L. B. 405-08-4, dated the 19th October 1909, observing that the rates of toll referred to in the Chief Commissioner's Notification are maximum rates and include such items, as sheep, goats, pigs, etc., and cannot therefore be sanctioned. The Government request that a report be submitted showing the rates of toll levied in other parts of the district and stating definitely in consultation with the District Boards of Hassan and Tumkur, the items on which toll should be levied and the actual rates to be levied.

Resolution.—Resolved that this Board are of opinion that the rates and the items of toll as levied at the Dudda and other toll-gates established on District Fund roads of this district, may also be adopted at the proposed new toll-gate at Karehalli on the Channarayapatna-Tiptur road.

VII. Read Government Proceedings No. R. 3171-80—L. B. 102-09-6, dated the 21st October 1909, passing orders on the budget estimates of receipts and expenditure under the Irrigation Cess Fund for the year 1909-10.

Resolution.—Recorded and resolved that the Taluk Boards be requested to send up their estimates hereafter only for major works, so as to reach District Headquarters by the 15th January of each year.

VIII. Read the Hassan Division Executive Engineer's docket No. 349, dated the 15th October 1909, forwarding for countersignature an estimate amounting to Rs. 510 for flooring the Local Fund Dispensary at Arkalgud, and requesting the credit of the District Fund contribution of Rs. 170 to the Public Works Department.

Resolution.—Resolved that Rs. 170, being the District Fund quota towards the cost of flooring the Arkalgud Local Fund Dispensary, be credited to the Public Works Department for the execution of the work during the current year.

IX. Read the Executive Engineer's docket No. 342, dated the 12th October 1909, forwarding estimates amounting to Rs. 27, 16 and 30, for putting up monsoon thatties to the Local Fund Dispensary at Yeslurpet, Alur and Arehalli, during 1909-10, for transmission to the Senior Surgeon for countersignature, and requesting that the District Fund contribution amounting to Rs. 33 may be credited to the Public Works Department.

Resolution.—Resolved that Rs. 33 being the District Fund quota be credited to the Public Works Department.

X. Read the Executive Engineer's docket No. 378, dated the 11th November 1909, forwarding an estimate amounting to Rs. 145, for repairing the 3rd class travellers' bungalow at Sukravarasante for countersignature.

XI. Read the Executive Engineer's docket No. 384, dated 23rd November 1909, intimating that it is not possible to metal the whole portion of the Yelwal-Hassan road lying within this district, with the present mileage allotment, and that if the allotment be raised to Rs. 150 the same can be done.

Resolution.—Resolved that this subject be adjourned to the next meeting for consideration along with the proposed revision of mileage allotments.

XII. Read the Senior Surgeon's docket No. 2614-21, dated the 26th November 1909, stating that it is intended to take up the construction of quarters for Hospital Assistants and midwives at Konanur and Yeslurpet, and requesting that this matter may be placed before the District Board for providing funds in the ensuing year's District Fund budget and a copy of the resolution furnished to him for information.

Resolution.—Resolved that, owing to paucity of District Funds, it will not be found possible to provide for both the places in one year, and that provision will be made for the Hospital Assistant's quarters at Konanur in next year's District Fund budget as more urgent than at Yeslurpet.

XIII. Read the following for the information of the District Board:—

(1) Government Proceedings No. 3189-90, dated 1st October 1909, according sanction to utilise the provision of Rs. 100 towards the cost of lighting in the Yeslurpet Union, instead of road repairs there, with the remark that lighting is a luxury, while repairing the roads in a minor Union is a necessity.

XVIII. Read Belur Taluk Amildar's report No. 174—1222, dated the 15th October 1909, submitting a copy of the Belur Taluk Board's resolution to the effect that if a road be formed from Chikanahalli to Chikmagalur, the distance will be about 19 miles and the distance *via* Belur is 24 miles; hence the difference is small consequently it is advantageous to utilise the money required for the proposed road on some urgent and necessary works.

Resolution.—Resolved that the Board cannot accept the proposed redistribution of road mileage allotments as it involves diversion of toll realisations of the Hassan-Arsikere road to other roads which is not permissible and the Board do not agree to such a large reduction in the mileage allotment of that road.

Read correspondence ending with the Saklespur Assistant Commissioner's yadi No. 226, dated the 9th December 1909, submitting a copy of the resolution of the Manjarabad Taluk Board to the effect that as there is no chattram or musafirkhana building at Yeslurpet for the use of travellers, the request of one Mr. Gurusantaiya to hand over to Government a building for being used as a musafirkhana may be complied with, and that the management of the building may be taken over by the District Board with a recommendation that the village officials may be directed to look after the building for the present.

Circular No. 2124—*T. A. D. I.* 734, *dated* 12—14*th February* 1910.

To—All Heads of Departments and Heads of Offices.

It is observed that there has been some avoidable delay in the payment of bonus due on matured State Insurance Policies, owing to information as to the amount, if any, due to Government by the insured, which should be deducted from the bonus under Rule 23 of the Insurance Rules, not being furnished in time to this office. In regard to the bonus due on policies of deceased insured officials, the statement of casualties (Form M. S. L. I. G. 12) to be furnished by the head of the office in which the insured had served to the Insurance Office provides for information on the above point; but in the case of matured policies the information is now being obtained by this office after the payment order is issued by the Secretary to the Insurance Committee. This office has in the first instance to make the enquiry and the office in which the insured last served has, by reference to its own records and in some cases in communication with the offices in which the insured previously served, to obtain the required information.

2. As it is not desirable that such delay should be permitted to the detriment of the insured, Heads of Offices are requested to send in future "no demand certificates" (or of certificates specifying demands) in respect of all insured officials attaining 55 years of age, or retiring from, or for any reason whatsoever ceasing to be in service, whichever event may first occur, as soon as possible after the attainment of the age, or after retirement or otherwise, as the case may be. In the case of Gazetted Officers, the certificate must be given by the Head of the Department.

3. All insured officers should understand that the duty of having the certificate promptly despatched to the Comptroller rests primarily with them, and delay in settling claims can be avoided only if the certificate is promptly sent.

J. S. CHAKRAVARTI,
Comptroller.
